Entry opposite the Dog Rocks.

Calling all tree lovers!! It's **NATIONAL TREE DAY** on
Sunday 29 July 2012 at the
Dog Rocks Flora and Fauna Sanctuary.

Come along with the family and plant in this special place from **9.30 – 12.30**. BFS Landcare will serve home made cakes at **morning tea**, and a **delicious lunch** with soup, savoury tarts and sandwiches, so stay and share it with us afterwards. And, **take home some seedlings** supplied by BFS Landcare to plant in your own garden.

By the way, why do we plant trees ? Because ...

... planting is an act of putting down roots and contributing to the future. The simple act of planting a tree, helps the environment in so many ways. Trees... filter pollution from the air, **help recycle water**, prevent soil loss, create shade, **give shelter from wind and rain**, **provide homes for animals**, make food for humans and wildlife, provide an interesting, soothing, learning environment for children and your **community and much more!**

Without trees, there would be no life on this planet!
