

B Day is coming up at the Dog Rocks Flora and Fauna Sanctuary at Batesford, as we celebrate World Environment Day and this precious urban forest on Sunday 3 June, 2012.

Do you and the kids like Bonfires and Barbecues?

Do you feel recharged after a couple of hours in the fresh air, being out in the garden to clear the cobwebs away, doing a bit of weeding and planting, watching things grow?

With the assistance of people like you, the Sanctuary is conquering its major weed, South African Boneseed, and preserving and restoring the land for beautiful native plants and animal habitats in which we can all share.

So no matter what the weather, come along and help us pull Boneseed on **B Day**.

Be rewarded with a great Barbecue, a winter Bonfire and Banjo music by CCThornley. www.CCthornley.com
